Raji – Eric, Pat and I can do a 2:30 conference call on Thursday. Does that work for you?

Thanks

Matt

**Subject:** RE: Access Agreements

Matt

Sent a separate email with the approval for the Access Agreement Extension.

Regarding the other three items, here is the status

- 1) I had a discussion with the Site team and our management. Apart from my oversight, EPA plans to get our contractors on board to do an oversight of the field activities. This week I am available Wed (anytime) or Thurs (before 12:00 or after 1:30 pm) to discuss. Please let me know what works.
- 2) Yes received the fact sheet. Will review it.
- 3) Update: Due to weather Stephen Harper will not be visiting Houston tomorrow. He postponed his trip to next week. We will finalize the date of the community meeting after his visit. I checked regarding the video. Since this is a EPA led meeting we can't show the Site Video prepared by the PRP Group.

**Subject:** Access Agreements

Raji – per our conversation yesterday, for the properties we currently know we need to access during the first iteration of the RI/FS, we request an extension to obtain those access agreements until May 2, 2016. Please let me know if you need anything else from me on this issue.

Also, in order to document the other items discussed on our call yesterday, please see the following:

- 1) You will look into the EPA's potential plans for oversight during the AOI-1 RI/FS and let us know when you would be available for a conference call to discuss that with PBW;
- 2) Eric will be sending a revised Fact Sheet to you after it is reviewed internally. The Fact Sheet has been revised only slightly to update the status of removal actions and the RI/FS;
- 3) The Community Meeting will be held either April 26 or April 28, in Pasadena, possibly at the Courthouse up the street from the site. Stephen Harper is visiting the venue on March 9. The venue holds approximately 80 people. The meeting will be led by EPA but EPA may require some support from PBW (maps, etc.). We obviously would be happy to provide any support you need. You were going to check on whether we could show the site video during (or maybe after) the meeting.

Regards,

Matt
